### **OPTIONAL**

#### **# 90095 Lock-Ring Eliminator 4-Pack**

New, color coded Lock-Ring Eliminator 4-Pack.  
They look sharp and allow quick positive die  
identification of your reloading dies.

**BP4334**

**1 Remove bushing according to manufacturer's instructions.**

**2 Screw Breech Lock Adapter into press. Tighten with large adjustable wrench or socket.**

**3 Install Lock-Ring Eliminator into adapter with a 1/6 of a turn. Use lock-ring wrench to tighten down.**

**4 Remove existing lock-ring from reloading die. Thread die into Lock-Ring Eliminator according to reloading die instructions. Tighten screw on Lock-Ring Eliminator with flat blade.**
